### The National Civil Service School,

NSTRUCTION BY CORRESPONDENCE.

Do you wish to enter the government service? If you do we can help you, It is our business to prepare persons for taking the Civil Service Examinations; to tell them what to do and how to do it. Eighty-five thousand one hundred and thirty-right positions are now filled by the Civil Service Commission, and we prepare people so they can pass the examinations. Have you an ordinary common-school education? If you have we can prepare you for an examination in a short time. We will give you examinations until you are prepared, marking your work just as you will be marked by the Civil Service Commission. Our charge is a mere nominal one of \$10 and after you are appointed you pay us a commission of 2 percent of your first year's salary. Thus it is to our interest to fit you as soon as possible in order to get our pay in ull. By a recent order of the President the number of places to be filled by the Civil Service is increased from 55.736 to 85.138 or by over 52 per cent. All Government em ployees are now included except fourth-class postmasters and those persons classified as laborers. There never was a better time when as many positions were open to competion as at present. We have our students in every Department of the Government. Some are now getting as high as \$2,000 per annum, Many are getting \$1,200, \$1,600 and \$1,800 and \$1,800. We have been engaged in preparing persons for the Civil Service for eleven years and our success is shown by the large number who NSTRUCTION BY CORRESPONDENCE. are getting \$1,200, \$1,400. \$1,600 and \$1,800. We have been engaged in preparing persons for the Civil Service for eleven years and our success is shown by the large number who are now holding incrative positions because of our assistance. We refer to the National Capital Bank of Washington. D. C., as to our ability to fulfill our promises.

THE BOSS BARBER,

### JINGLES AND JESTS.

Idfe was a joy when I was a boy,
In the days of long ago,
When eye and ear could see and hear
The things it was good to know.
But the kind old earth, once glad with mirth
And pleasure high and grand,
Seems stale and tame since I became
Too big to follow the band. Following the Band.

Yet I dare say earth holds today
About as much or more
Of Joy and cheer right now and here
Than ever it held before,
But by our pride we're now denied
Good gifts on every hand.
We've grown too proud to follow the crowd,
Too big to follow the band.

I'd like to stray in a careless way
Through the broad green fields of youth
And wander back along life's track
To the blissful springs of truth.
I'd like to trade my woes, self made,
And the cares that come to men
For the keen delight of a boy's glad right
To follow the band again.
